INSTRUCTIONS FOR PESTICIDE PRODUCT REGISTRATION

NAME APPEARING ON LABEL: The firm's name and address which appears on the label must be registered when a manufacturer sells under more than one company name. A separate application is required for each such name. If a product is manufactured for a company and sold under its name, either the manufacturer or the company for whom the product is manufactured may register; the responsibility for registration of products distributed in the District of Columbia belongs to the company whose name appears on the label.

LABELING: Each container must bear a label showing the following information:

1. Name and address of manufacturer, registrant, or person for whom manufactured.
2. Name, brand, or trademark under which the product is sold.
3. Net weight or measure of the contents.
4. An ingredient statement (name and percentage by weight of each active ingredient, the total percentage by weight of all inert ingredients).

If the pesticide contains arsenic in any form, the ingredient statement must also include a statement of total and water-soluble arsenic, each calculated as elemental arsenic.
5. Adequate warning or caution statement when necessary.
6. Any pesticide containing arsenic or any other substances in amounts highly toxic to man, shall bear in addition, the following:
 - (a) The skull and crossbones.
 - (b) The word "Poison" in red.
 - (c) A statement of practical treatment in the case of poisoning.
7. Adequate directions for use.
8. E.P.A. Registration Number.
9. E.P.A. Establishment Number.
10. Statement of Use Classification.
